RUSSIA SEETHING WITH INTERNAL WAR

Allied Troops Prepare To Enter Germany

Huns Have Refused to Meet The Obligations

Allies Will Enforce Penalty
By Using Armed Force.

LONDON, Mar. 7.—Allied troops will march into Germany tomorrow in accordance with the decision of the allies to inflict on Germany the penalties provided for, because of the non-fulfillment of her reparations obligations. It was announced officially this evening.

After the Germans left the conference late this afternoon the British, French and Belgium premiers telegraphed orders for the immediate occupation by the allied troops of Rurort, Duisberg and Duesseldorf.

LONDON, Mar. 7.—The conference between the heads of the allied governments and representatives of the German government, which began at noon today for discussion of the reparations question took an adjournment at 1:30 until 4:30 p. m.

Dr. Walter Simons, head of the German delegation, told the allies the Germans rejected the proposals formulated at Paris and had decided to revert to the idea of provisional arrangements that they had prepared. This would call for the payments of six annuities for the first five years and would give the equivalent of the twelve percent tax on German exports.

It was unofficially reported, that the allies had decided to inform the Germans that penalties would be applied. The penalties were outlined to the Germans by Premier Lloyd George last Thursday.

The German proposition was made conditional upon the plective to be held in upper Silesia being decided in favor of Germany and upon the removal of all commercial restrictions.

Asks More Time.

"If we have to make proposals covering the total reparations, we will have to ask for a week's adjournment to consult Berlin," said Dr. Simons in making his proposition.

A British battalion was reported today to be standing ready to advance upon Ruesseldorf, while French and Belgium troops were awaiting marching orders that would send them into German territory.

Application of the penalties on Germany for non-fulfillment of her reparations requirements was decided upon by the allies here this afternoon.

Postponement Denied.

Mr. Lloyd George informed the Germans today that not only were the proposals made by Foreign Minister Simons Thursday morning unacceptable to the allies, but that notwithstanding the interval since last week's conference the Germans had not made such an advance in their propositions as would justify postponement of the imposition of the penalties.

The penalties in question were announced to the Germans last Thursday by Mr. Lloyd George, the British minister.

They are: Occupation of the cities of Duessberg, Duesseldorf, and Rurort, in the German industrial area beyond the Rhine, by troops of the allies.

Imposition by each allied country of such a tax upon German imports as it may deem fitting.

The establishment of a customs boundary under allied control along the Rhine.

Desperate Pirates and Beautiful Maids In High School Play

Wild and desperate pirates of the sea, and beautiful and merry maids of the Hawaiian Islands will appear in the high school operetta, "Pirates of Love," in the Normal auditorium evening. A splendid cast has been chosen and final preparations for the event are being made today.

They will feature many delightful love songs and scenes. Costumes and stage decorations have been selected to give the best appearance to the play. There will be more than fifty people take part and rehearsals have been going on for more than a month under the direction of Miss Donaldson of the high school faculty. The operetta will be the annual play given by the senior class and a good attendance is expected.

FIRST MEETING OF CABINET WILL BE HELD TOMORROW

Harding Begins Practice of Consulting With Leaders On Policy.

(By the Associated Press)

WASHINGTON, March 7.—Putting into practice his policy of personal consultation with leaders in congress, President Harding will talk over numerous policies of the administration at the White House dinner tonight at which the ranking republicans of the senate and house will be present. The first cabinet meeting of the administration was called today for eleven o'clock tomorrow. Vice-President Coolidge was asked to attend.

It was said the cabinet session would be of a general character and that the president would take up in particular the question of relations with Costa Rica and Panama and the program for the general session of congress.

Information and advice received at this dinner tonight is expected to be laid before the cabinet by President Harding and a definite decision for a date for calling congress into session may follow.

No Definite Schedule.

No definite schedule of cabinet meetings has yet been agreed upon. In the Wilson administration they were held ordinarily on Tuesdays, but the impression is that Harding may have round table discussion with his advisors more often than once a week.

Speaker Gillette, Representatives Mondell, Fordney, Green and Longworth expect to see President Harding probably tomorrow to discuss tariff legislation.

A delay of a month or so in calling the extra session of congress also was urged on Harding by Senator Robinson, democrat of Arkansas. Afterward Robinson indicated that he expected no date earlier than April 10, to be selected.

IMPEACHMENT IS ASKED FOR TRAPP

Investigating Committees of House File Complaints Today.

(By the Associated Press)

OKLAHOMA CITY, March 7.—Impeachment and removal from office of Lieutenant Governor Trapp is asked in the report of the lower house of the legislature today by the special committee, appointed to investigate charges recently made against him by the house investigating committee.

Impeachment of A. N. Leecraft, state treasurer and dismissal of Henry Wood, state highway commissioner and other employees of the highway department was recommended in a report submitted today by the investigating committee of the house of the Oklahoma legislature. The report charged Leecraft with having attempted to collect campaign funds from bankers of the state, with whom he had a peculiar influence, due to his official position.

Wood's removal is advised in the interest of economy and good government.

The report on the highway department named J. F. Thompson, chief clerk, William B. Wither, and John Lawson, as employees who should be removed with Wood. It is also recommended that all right of the Western Paving company and the Kansas City Bridge company to do business in Oklahoma be cancelled and that the attorney general be instructed to bring criminal action against the officers of these companies on the ground that they have filed alleged fraudulent claims in connection with road building.

BUSINESS HAS A TOE HOLD

The harder we hit a thing the greater is the rebound. That law is just as applicable to economics as it is to physics.

For five years we people of America hit some terrific blows. The war brought us a veritable deluge of money, and we became prodigal spenders. Prices of labor and living no longer were stable. Each day saw a wage increase, followed the next day by a higher-priced tag on commodities, and so on, until we were whirling around in a kind of vicious circle. We whirled until we got dizzy.

And then something happened! It was the rebound from the five years' hard blow we had been hitting. It was the best thing that could have happened to us, and we know it.

We realize there had to be an adjustment—something to stabilize buying and selling.

We are recovering from our business orgy and are preparing for the return of normal business which is certain to follow the stabilizing of prices.

Business HAS a toehold, and we know it is bound to reach normal.

But we can do much to hasten its coming. The most effective means to do this is for ALL of us to begin BUYING NOW the things we need—whether it be a suit of clothes, a bedroom suite of a carload of nails.

We need now to STABILIZE prices, and to do that we must begin buying in order to take goods from shelves that men may be put to work to produce more goods to take their place.

We must give evidence of a regained confidence in the stability of prices by BUYING NOW—not indiscriminately, but the things we need.

Let us not wait for normal business to come; let us go after it.

Start the wheels of industry now by buying from the other fellow so he can buy from you.

All District Teams Have Been Chosen by Coach

Excellent Records Made By Many Players During Tournament.

During the East Central Basketball tournament for high schools, which was held here last Friday and Saturday, many players, both boys and girls, took part in the numerous games played. Of these players the all East Central District basketball teams, first and second have been chosen by Coach Clary of the Normal, who had charge of the meet.

Many of the players were about equal in the records which they made and it was only after much thought and care that the teams were chosen.

Clary in his choosing the players, did so to the best of his ability and in view of the fact that no all state, star, district or American team has yet been chosen that met the approval of everybody, but that he would choose those who he thought had merited the honor, and who he believed will please everybody who is acquainted with the records kept during the meet, and who saw the games.

First Team of Boys

In his choosing the boys for the first team he made the following statements and selections: Johnson, of Francis and Chamblee of Wewoka, have been selected for the first team of boys as forwards. Both are good men and earned the positions. Scorgins of Francis was chosen as center as he was the undisputed best center on the court and was the individual star of every game in which he played, shooting goals at all angles and distances. Strickland of Stratford was chosen as one guard. Although he was not the best trained guard to play, his speed, weight and strength won the place for him. He succeeded many times in dribbling the ball from under his opponents goal to the other end of the court with such speed and accuracy that many points were made before the opponents could interfere. Campbell of Wewoka was chosen for the other guard because of his clean playing, disposition towards his opponents, and athletic ability. With his quickness, speed and weight he wins the honor of being the best individual guard on the court.

Second Team of Boys

Rogers of Wewoka and Johnson of McComb were selected for forwards on this team. While Johnson played center, he threw eight field

goals in the McComb-Francis game, thus winning this place for him. Crawford of Ada was given place of center for his coolness, and ability to cover the floor. Rich of Mannsville and Evans of Ada were selected as guards.

Honorable Mention

The following men, although they did not make a good enough record for the teams, they made such records as deserve honorable mention: Newton of Ada, Jobe of Francis, both as forwards; Smith of Center and Bizzle of McComb as guards; Thompson of Wewoka as center.

First Team of Girls

The girls chosen for places on this team were easily selected for the positions because of their unequalled records made during the meet. Mount of Ada was selected for one forward position because of her strength, accuracy and weight. Brown of Wewoka, who was chosen as all state forward last year, was given the position as the other forward. She is one of the best forwards to ever play on the East Central court, shooting goals at all angles, positions and distances. Patten of Wewoka and McClure of Stratford are given the positions as guards because of their ability and speed of covering the floor and in passing the ball. Love of Ada, 2nd center, and Ramage of Wewoka 1st center were given these positions because of their skill in doing their work.

Second Team of Girls

Boatright of Stratford and Kiker of Wewoka are given the positions as forwards, Howell of Sasakwa and Ballinger of Sulphur won the positions as guards, Fraser, of Wewoka 2nd center and Stevens of Stonewall, 1st center, are the pair selected for the center part of the court.

Honorable Mention

The following girls won honorable mention because of the conduct, playing and general athletic ability displayed during the games in which they took part: Bevers of Stratford as guard, Green of Sasakwa as guard, V. Stevenson of Milburn as forward, Wright of Sulphur as forward, Roach of Ada as forward, Daggis of Ada as center.

ASSASSINS KILL IRISH MAYOR AND FORMER MAYOR

Wives of Both Limerick Officials Thought To Be Mortally Wounded.

(By the Associated Press)

DUBLIN, Ireland, March 7.—Geo. Clancy, mayor of Limerick, was shot and instantly killed at his home in that city early this morning and his wife was seriously wounded. At the same time Michael O'Callaghan, former mayor of the city also was killed at his residence.

Major reports received here state that Mayor Clancy and his wife were shot at about 1:30 o'clock, but owing to curfew restrictions members of the household were afraid to go into the streets for assistance.

About two hours later a doctor arrived from a hospital and found Mayor Clancy dead and Mrs. Clancy in a critical condition. Former Mayor O'Callaghan was dying when a doctor, summoned by the police, arrived at his house.

Sunday's Program At Fair Grounds Park Was Well Attended

Enjoying its best and biggest day yet the Sunday entertainments at the Fair grounds park under supervision of Honest Bill was a great success yesterday. There were more than 2800 people present and a good sum was realized from which the high school athletic association will be helped.

The performances consisted of riding, goat roping, lassoing, lairet performing, rope spinning and other such exhibitions. To make the event more enjoyable some of the would be riders not only met defeat in their attempts, but also mother-earth with considerable force. The results of such meetings generally left the victim in a jarred and dazed condition much to the enjoyment of the spectators. However, some of the riders were good and gave those present an exhibition of some real rough riding.

Honest Bill is trying to secure a balloon for next Sunday to perform for the amusement of the crowds in connection with the other program.

LEONARD WOOD MAY GOVERN PHILIPPINES

WASHINGTON, Mar. 7.—Major General Leonard Wood, who has been offered the governor generalship of the Philippine Islands, will see President Harding late today and is expected to make his final reply in regard to acceptance.

COAL COMPANY PAYS BIG DIVIDEND TODAY

NEW YORK, March 7.—The Lehigh and Wilkesbarre Coal Company today declared a special cash dividend of 150 per cent on its \$9,210,000.00 stock outstanding.

Lions' Luncheon

The semi-monthly luncheon of the Lions Club will be served in the dining room of the Harris Hotel, Tuesday at 11:30. A very special invitation is extended to the membership and your attendance is urged at this meeting. Business session will follow the luncheon, as usual, in the parlors on the second floor.—Harmon Eby, secretary.

Special Session of District Court Adjourned Saturday

Judge John L. Coffman of Holdenville adjourned the special session of the district court Saturday morning after a very busy two weeks session, during which time he displayed remarkable ability as a jurist and disposed of the 156 cases on the special docket in record time.

The lawyers of the Ada bar had planned to hold a brief reception at the court room Saturday in Judge Coffman's honor and express to him their appreciation of his ability and honesty of purpose, but Mr. Coffman had to catch a train home immediately after the adjournment and the reception was not held.

The following disposition was made of the 156 cases on the special docket: 10 were re-set, 10 were passed, 63 were continued, 32 were tried, 18 were settled out of court, 6 are pending on motions and demurrers, 13 were dismissed, and 44 were stricken from the docket.

Several of the cases tried were long drawn and very technical, taxing the patience as well as the learning of the jurist. That he should come to the end of the two weeks session with the good will of the lawyers who fought their battles under his directions speaks well for the judge.

GOOD ROADS CLUB DOING FINE WORK

Boosters Are Still Receiving Good Support From Everyone.

The membership campaign for the Good Roads Motor club is being merrily carried on this week and new members are signing up constantly. The drive will be continued right on thru March, culminating with the Good Roads Day which will be held here Thursday March 24. A rousing program is being arranged for that day, the full details of which will be announced as soon as they are completed.

This morning the drive was launched in Stratford. Several of the local boosters went to the neighboring town to assist in the campaign there. A number of good roads workers from Pauls Valley will also be there. Possibly they will get into the campaign for decent highways with Pontotoc county Tomorrow committees from Ada will go to the different towns in Pontotoc county to help the workers. On Good Roads Day workers from these other towns will come to Ada to help complete the campaign here.

Final reports of the membership committees will not be available until after the campaign has been closed. However, the committee working ward one, between Twelfth and Broadway, announced today that they had secured a one hundred percent membership in their district. Those in that district joining the club were:

The Roach-Deaver Co.; Grant Irwin; The Buick Agency; Home Title Guaranty Co.; Abney & Massey; Emanuel Overland Co.; Ada Vulcanizing Co.; Chas. S. Sprague; P. & E. Grocery; Gwin & Mays; Jackson-Boud; Simpsons; Pontotoc Abstract Co.; Drummond & Alderson; J. H. Pryor Furniture Co.; Snow White Barber Shop; John C. Chapman; Drs. Faust, Lewis & Threlkeld; The Reed Store; Ada Seed & Feed Co.; Oklahoma Light & Power Co.; W. J. Hughes; Gay Electric Co.; Chas. A. Zorn; Square Deal Service Station; D. E. Witherpoon Loan Co.; E. S. Haraway; Grigsby & Orr; B. B. Howard; First National Bank; S. P. Ross, Orel Busby; Coffman, Bobbitt & Sparks; N. N. Pitts; Mrs. E. Land; Purity Grocery and Market; Couch Transfer Co.; Criswell Undertaking Co.; C. J. Warren; O. E. Parks, Duncan Bros.; Knott's Daylight Bakery; Guest Bros.; and the Red Cross Drug Co.

The Weather

Tonight partly cloudy, cooler in west portion. Tuesday generally fair, cooler.

TERROR STRICKEN SOVIET LEADERS PREPARE TO FLEE

All Classes of Citizens Join To Completely Crush Bolsheviki.

(By the Associated Press)

PARIS, Mar. 7.—Leon Trotzky, minister of war and Nichili Lenier, bolshevik premier, are prepared for fight, says a Reval dispatch to the Matin. Anti-bolshevik contingents are within thirty miles of their headquarters at Gatchine, southwest of Petrograd.

Bolshevik forces have been driven out of town on the southern shore of the Gulf of Finland, 19 miles west of Petrograd by naval units from Kransstadt, says a dispatch from Viborg. Warships have gone up the Neva river and landed sailors in Petrograd, where a garrison split, part joining the revolutionists and the rest retreating toward Gatchine. Soviet leaders are terrified.

Anti-bolshevik leader Antonoff, at the head of fifty-thousand armed peasants, is declared to be in control of the government of Voronezh and Tambov, in southern Russia, and it is said that this fact makes it impossible to revitalize the northern section of the country.

Demand New Assembly.

HELSINGFORS, Finland, Mar. 7.—All classes of citizens of Cronosstock, the great naval base near Petrograd, have united in the uprising against the soviet government, says a dispatch received here.

The provincial government has published a program, the agency announces, the essence of which is demand for immediate convention of a constitutional assembly and the restoration of freedom of trade between individuals.

Troops to Petrograd.

LONDON, Mar. 7.—The Central News correspondent at Helsingfors reports receipts of news of the most serious character from Petrograd last night. The advice said that many of the residential and business sections were in flames.

The soviet government, the message continues, has dispatched large numbers of troops from Moscow to Petrograd to assist in restoring order. The Petrograd rebels were said to extend these troops a friendly reception in the hope of winning them over.

Attention Business Men

J. E. Williams, manager of the local Merchants Credit Bureau and A. P. Gregory, secretary of the Oklahoma Retail Merchants Association will address all local retailers in the city at the Harris Hotel, at 7:30 tonight.

They come to you with a message full of pep and enthusiasm and have many good things for you, which you cannot afford to miss. It does not matter what business you are in they cannot fail to interest you and you could not spend your time in any other way that would be of more real value to your business.

***** ANENT CLARA SMITH *****

The famous Clara Smith trial begins Thursday, March 10, of this week, at Ardmore. Many people who are readers of the News will be interested in this trial and will want to follow it as it proceeds each day and will want to know that which they read is dependable and accurate.

For this reason we have arranged to have our Mr. Fagan Alder in Ardmore during the entire trial and each day the News will print the story of the trial just as it proceeds and we are promising our readers the best, quickest and most accurate service you can get on this sensational affair without actually attending the trial themselves.

Watch the Ardmore stories beginning the first day with the selection of a jury and continuing until the verdict is rendered and know that you are getting the news while its news.

***** Notice Masons *****

Special meeting of Ada Lodge No. 119, A. F. & A. M. tonight at 7:30. Work in Master's degree. Visiting Masons invited.—John Thrasher, W. M.

SOCIETY

When Hope, the eagle that towered could see
No cliff beyond him in the sky.
His pinions were bent drooping—
And homeward turned his softened eye.
'Twas sunset; when the sun will part
There comes a sullensness of heart
To him who still would look upon
The glory of the summer sun.
That soul will hat the evening mist
So often lovely, and will last
To the sound of the coming darkness (known
To those whose spirits hearken) alone
Who, in a dream of night, would fly
But cannot from a danger high.
—Poe.

B. Y. P. U. Tacky Party.

A "tacky party" was given the B. Y. P. U. of the First Baptist church last Friday evening in the basement for the members of the Union and their friends. The affair was a great success and a large number of the B. Y. P. U. members were present and took part in the evening's fun.

The basement was decorated in keeping with the event and the games played during the evening were also, "tacky" as well as the refreshments which helped to carry out the theme of the party. All present were dressed in a "tacky" fashion and Miss Neva Wright was awarded the prize of being the most "tacky" person present. Despite the fact that the affair was "tacky" it was highly enjoyed by those who attended and all voted it to be the gayest affair in which the Union has taken part for some time. At a late hour the guests were served the "tacky" refreshments of red lemonade and pop-corn balls after which all departed for home pleased with the evening's entertainment.

A. A. Robinson was in the city after Sunday from McComb visiting home folks and friends.

Albert Orcutt and wife were guests of friends in Holdenville yesterday.

Clarence Smith of Marlow was in the city Saturday and Sunday visiting his aunt, Mrs. Mary Smith.

Mrs. J. T. Duncan, who had been visiting relatives in Dallas for the past month, returned to her home here yesterday.

Mr. and Mrs. Bill Blanchard of Oklahoma City have returned to their home after a short visit with friends here.

CHAMP CLARK TO BE BURIED TODAY

(By the Associated Press)

ST. LOUIS, Mar. 7.—The special train bearing the body of Champ Clark, departed at 7:30 a. m. today for Gowinggreen, the statesman's town, where burial will be held this afternoon.

Today was the former speaker's 71st birthday.

Davidson Grocery Store Burglarized Saturday Night

Burglars entered the O. J. Davidson grocery store on Townsend Avenue Saturday evening by forcing the lock on the front door and took about one hundred dollars from the Mokaska register.

The thieves broke the lock on the register and took all of the currency and silver which it contained but left scattered over the floor at the rear of the building a number of checks and other papers which had been taken from the register. The store was left through the rear door which was found standing open Sunday morning. It is not known whether anything beside the money was taken.

Mr. Davidson told a representative of the News this morning that he had taken \$500 from the register Saturday evening about 8 o'clock and placed it in the bank. The money stolen by the burglars was the amount he had taken in from sales after going to the bank.

This is the third robbery to occur in Ada during the last two weeks, and officers working on the cases are of the opinion that the work is being done by home talent.

From Grand-pa down to "Buster," these delicious meats are thoroughly enjoyed by the whole family and, like Oliver Twist, they ask for more.

Mother appreciates these meats most of all; because they are convenient to handle;—they are easily and quickly prepared;—there is no waste; and she can keep a quantity on hand for emergencies.

She knows too, that Uncle Sam's guarantee of purity is behind every can and that she pays less than pre-war prices for this nourishing canned corned beef and corned beef hash.

Insist on your dealer getting you a supply of this wholesome food. There's a legitimate profit in the sale for him (wholesale prices listed below) and a considerable saving for you.

THE WHOLESALE PRICES

are printed below. They will give you some idea of what you will save on your purchases.

Women Will Relish The Vivacity And Modishness of These Freshly Arrived New Spring Wraps

Style and Quality Embellished in the New Palmer Attire for Spring.

Featuring in the picture, a fancy wrap of reindeer suede cloth. Beautifully embroidered in self tones with touches of old blue. Collar is a roll flare which gives it a jaunty effect. Full lined with fancy silk, and strap ties in front. An exquisite garment moderately priced at

\$49.50

Such a snappy coat or cape illustrates the marked individuality of these splendid Palmer garments. Many come styled after the far East "Mandarin" affairs—rather Oriental and loose and roomy, while others are carried along the more American simplicity of fashioning. In the leading shades of blue and brown.

LEGISLATURE OF SOUTH DAKOTA AIDS BUILDERS

(By the Associated Press.)
PIERRE, S. D., Mar. 7.—South Dakota, through a bill enacted by the legislature, steps to the fore in meeting the house shortage in that state, by loaning to the individual, the finances necessary for the construction of a home.

The bill which becomes a law on July 1, creates a separate home building department within the already established rural credits department. This new department is authorized to sell bonds of the state, the proceeds of which will be loaned at a rate of interest not exceeding one and one-tenth per cent above the rate paid on the bonds.

The individual must own the lot upon which the home is to be built and must furnish in cash, 20 per cent of the building cost. The state furnishes the other 80 per cent but places a limit on the amount loaned to one individual at \$4,000. Each loan will be secured by a first mortgage on the property. The mortgage must agree to pay all taxes and to insure the building for the benefit of the state against loss by fire, lightning or tornado in the amount equal to that due on the mortgage.

Loans shall be payable in not more than 12 years, in 144 equal monthly installments about equal to the average rental, each payment carrying for the interest and reducing the principle.

To secure a loan, application must first be made to the authorities of the municipality in which the home is to be built, who will investigate the necessity of its construction, the character and ability of the borrower to meet the payments and report the results to the home building department. The department will, if the report is satisfactory, carry on another investigation, covering the same ground. If the loan is considered a safe and necessary one, the intended borrower will be notified to make his formal application.

In every case the municipality in which the home is built is held responsible to the state for the unpaid portion of the loan in cases of default by the builder.

WETTEST SPOT ON EARTH LOCATED NEAR HONOLULU

(By the Associated Press.)
HONOLULU, T. H.—The summit of Mount Waialeale, Island of Kauai, said to be the wettest spot of earth, recorded a rainfall of 590 inches from January 7, 1920, to February 3, 1921, according to figures announced by the weather bureau here. Mount Waialeale is 5080 feet high and is entirely exposed to the prevailing trade winds.

Agriculture is the greatest among arts, for it is first in supplying our necessities, it is the mother and nurse of all other arts; it favors and strengthens population, it creates and maintains manufactures; gives employment to navigation and materials to commerce; it animates every species of industry, and opens to nations the surest channels of opulence.—MacNeven.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success. They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "lumpy" and "heavy." Note how they clear clouded brain and perk up the spirits.

HOPE TO ESTABLISH HOME GROWN FISH POLE INDUSTRY

(By the Associated Press.)
WASHINGTON, Mar. 5.—There is hope for a home grown fish pole industry.

The zeal of government agricultural sharps is in a fair way to overcome difficulties in the way of bamboo culture in the United States. Undismayed by past failures, they have ousted with hot water, diseases in shoots brought from China and Japan and are preparing to start a bamboo grove at Savannah, Ga. Makers of not only fish poles, but barrel hoops, canes, phonograph needles, furniture and many other things not including the "dope" pipes whence flowed the "bamboo dreams" of opium smokers in other days, are expected to get their raw material at home ultimately.

Propagation in the United States of bamboo shoots was first attempted ten or twelve years ago at Chico, Calif., and Brooksville, Fla. The plants developed a "mite" which sapped their vitality, however, and it was not until experts discovered the hot water cure that hopes of growing bamboo for the market were bright.

HEADSTRONG "JENNY" NOW A TAME BIRD

(By the Associated Press.)

WASHINGTON.—The "nose heavy Jenny" is the way army fair folks described one type of JN plane which, until recently made the lives of its pilots miserable because of its tendency to burrow downward in flight. The defect that sent the machines down by the head unless the aviator kept hauling them up with his control stick baffled the experts. Nearly 500 army planes of the type were not being flown because of it, the air service bulletin says, but the engineering chief at Dayton field has reported in the words of the man who flew the first modified "Jenny" that "She ain't quite so nose heavy" now.

The problem was finally entrusted for solution to the heaviest and most powerful aerodynamic experts, two privates 1st class and a 2nd lieutenant," the chief said. After much worry with it, they discovered something by an authority on airplane stability which gave them a clue and by the "unorthodox and radical procedure" of turning the tail section plane upside down secured in a fair way to cure the complaint. It would take a lot of mystifying language to explain it, but it worked.

FORMER TEACHERS TAKE UP OLD PROFESSION

(By the Associated Press.)

OKLAHOMA CITY, Okla., Mar. 5.—Approximately 2,000 teachers who deserted the profession during the last three years to seek better positions in the commercial world, returned to the fold of educators and instructors in the last nine months, R. H. Wilson, superintendent of public instruction said here today. During war time and the period following in which inflated salaries were being paid for commercial workers, more than 3,000 Oklahoma teachers left their positions, Mr. Wilson estimated.

"Teachers with standard certificates, who deserted the profession during the last few years, will find their old jobs open if they care to re-enter the ranks," Mr. Wilson declared. "Of course, it will be impossible to place every teacher that may wish to start teaching again, but a special effort will be made to re-assign those who are well qualified and hold degree certificates."

The teacher situation in the state is better today than it has been in the last three years, Mr. Wilson said. The supply and demand is taking care of itself, while a general tendency toward more applications than jobs will begin to manifest itself as the new school year approaches, he added.

Weeding out of many teachers who are now teaching in the Oklahoma schools without standard certificates and filling their places with accredited instructors will be undertaken before the next school year opens, Mr. Wilson declared. Due to the great scarcity of teachers in the last two years, many were accepted without required qualifications, he said, and because so many of the old teachers are making application for their former positions, a normal class of teaching personnel will be available next year.

Snake Oil

Try it right now for Rheumatism, Neuralgia, Lumbago, sore stiff and swollen joints, pain in the head, back and limbs, corns, bunions, etc. After one application pain usually disappears as if by magic. A new remedy used externally for Coughs, Colds, Croup, Influenza, Sore Throat, Diphtheria and Tonsillitis. This oil is conceded to be the most penetrating remedy known. Its prompt and immediate effect in relieving pain is due to the fact that it penetrates to the affected parts at once. As an illustration, pour ten drops on the thickest piece of sole leather and it will penetrate this substance through and through in three minutes. Accept no substitute. Get it at F. HENSLEY & STORY.

MOST POPULAR WHITE HOUSE PET AN AIREDALE DOG

(By the Associated Press.)

WASHINGTON, Mar. 7.—President Harding was presented today with an airedale dog "Laddie Boy", which, because of the fondness of the new chief executive for dogs, is expected to become the most popular of the White House pets.

The presentation was made by Charles W. Quetsche, of Toledo, Ohio, who said the father of "Laddie Boy" was "Tiptop" champion airedale of the United States.

Gift of the Snow-Kissed Pines of the North

Your nose will harbor cold germs. Do not allow them to waste your vitality. Use at once Mayr's Pine Needle Balm and check them at the beginning. Disregard of common colds is one of the causes for the appalling death rate from flu and pneumonia in the last few years. Colds are infectious and dangerous. Keep a tube of Mayr's Pine Needle Balm in the house and at the first suggestion of a cold apply it to the nose. Catarrh, that embarrassing and troublesome condition, clears up quickly when Mayr's Pine Needle Balm is used. Sold in two sizes—30c and 60c tubes. Free trial by writing Geo. H. Mayr, 219 W. Austin Ave., Chicago. Mayr's Pine Needle Balm is for sale by Gwin & Mays and druggists everywhere.

SAMOA HAS AN IDEAL JAIL SYSTEM

(By the Associated Press.)

PAGO PAGO, Samoa.—American Samoa has a jail system that probably would appeal to prisoners in the states. Every Saturday afternoon at the American post, the civil prisoners are granted parole until six o'clock Monday morning. Most of the prisoners spend their week-ends visiting relatives, many going long distances.

Parole rules were tightened recently when it was found several of the prisoners ransacked quarters of the naval officers at Tutuila while enjoying their Saturday night freedom. The men received heavy sentences, without parole privileges.

Notice. During the month of March while I am doing special postgraduate work in Chicago, Dr. W. E. Boyce will have charge of my practice.—Dr. Isham L. Cummings. 2-26-10td

THE MERRY JOURNEYS of MARY JANE

"Bumble-le-kins—Bumble-le-kins" said Mary Jane to the Big Wolf

Mary Jane and the Big Wolf

ONE day, after school, Mary Jane, the cutest little girl you ever knew, was sitting under a big tree, minding her little brother Bobbie, and working out a lot of hard problems—like "If I have 6 apples, and I give 3 to John and 1 to Joe, how many are left" and so forth—when a great big wolf bounced out of the woods.

He stopped right alongside of Mary Jane, and opened his mouth wide and said "Do you see all these big teeth? I've a good mind to bite a piece out of your little brother with them."

Mary Jane was awfully scared at first. But she remembered that her old grandmother once told her that if she ever met a wolf, or a fox—or anybody who didn't mind his own business—all she had to do was to look him right in the eye, and say

"Bumble-le-kins Bumble-le-kins Eney, meeny, wittikins—Stingaree!"

And so she did. And, first thing you know, a great, big, yellow-jacket wasp came booming up from around the tree, and jabbed his stinger right into Mr. Wolf's nose.

Mr. Wolf let out one awful howl. And he never bothered anybody again, ever.

When Mary Jane and Bobby got home and told their mamma about the wolf their mamma said it served him right. And then she gave Mary Jane and her little brother a big thick piece of bread with a whole lot of delicious Mary Jane Syrup on it—the syrup that every good little girl and boy likes better than any other syrup.

LOOK FOR the next story about "Mary Jane's Visit to Grandma Susan."

FREE For all children. The complete set of 20 Mary Jane Fairy Tales; beautifully illustrated. Sent free upon receipt of one Mary Jane Label taken from can of Mary Jane Syrup. Write Corn Products Refining Company, Argo, Illinois.

Important To You

to get real Mary Jane Syrup order it by name and see that "the little girl Mary Jane in the circle" is on the label.

Then you are sure to get the delicious syrup with the sorghum flavor that everybody is serving on pancakes, biscuits and corn bread. It costs less than most syrups. Get a can today—at your grocer's.

LABORERS UPHELD I DECISION OF LABOR BOARD

(By the Associated Press)
CHICAGO, Mar. 7.—The railroad labor board today handed down a decision ruling that the Erie railroad had violated previous board rulings in six respects, particularly in the reduction of wages of employees and in failing to cancel these reductions when ordered to do so by the board. The board has contended that the board must hold a hearing before ordering restoration of previous rates of pay. The board ordered a 27 percent reduction in the pay of track men effective February 11, and later the railroad ignored the board's order to restore wages to the rates ordered in the board's decision of July 1920.

The board set a precedent by its contention that a hearing would have to be held on the board's order to restore previous rates of pay. Had today's decision been favorable to the Erie it would have opened the way for scores of other similar contentions by other roads, it was said.

The board's decision upholds labor contentions in every instance.

A photoplay untwisting all the chains that tie the hidden soul of harmony, marching to eternal harmony whereto the world beats time. That's

"Humoresque"

McSWAIN THEATER
March 14th and 15th

GO TO THEATRE

McSwain.

Vaudeville and Pictures.

When Arthur McLeod's Isle of Roses opens at the McSwain theatre today, theatre goers will have the opportunity of seeing what is considered to be the best eighteen people show on the road. Its full of vaudeville specialties and the McLeod children are a show in themselves. Go tonight and see for yourself a wonderful picture and a good clean vaudeville show.

George Stewart, brother of the beautiful and talented Anita, is also climbing the ladder of success in the motion picture world. He has the most important role of his screen career in "Old Dad," playing Mildred Harris Chaplain's leading man in her first National starring vehicle, which will be shown at the McSwain theatre today.

Inspired by his sister's remarkable success as a star, George has carefully prepared himself for a career in the silent drama. Herebefore he has played only minor parts in cinema productions. George

Stewart's growing talent and progress, however, came under the observation of Director Lloyd Ingraham, who decided that he would make an ideal lead for Mrs. Chaplin in her new photoplay.

That Mr. Ingraham was not mistaken is borne out by the declarations of those who have seen a preview of "Old Dad," which they declare not only represents the best work yet screened by Mrs. Chaplin, but also reveals young Stewart as an actor of marked histrionic ability.

Other members of Mrs. Chaplin's supporting cast are Johnsnopolis, Myrtle Stedman, Irving Cummings, Hazel Howell, Edwin Brown, Loyola O'Connor, Bess Mitchell and Tula Belle.

Big Picture Coming Mar. 14 & 15.

After all lavish settings and spectacular scenes are not, absolute requisites for the truly great motion picture. "Humoresque," coming to the McSwain theatre March 14 and 15 is among the big photoplays one with its sincerity and intense heart appeal. It is a story of human beings as they are. Tears and laughter intermingle in it as they do in real life. The story of the genius of the violin who, aided by that beautiful gift, mother-love, rose from obscurity and poverty to the

heights strikes a responsive chord in every heart.

"Humoresque" was adapted from Fannie Hurst's novel of the same name. The chief characters are portrayed with rare understanding by Alma Rubens, Gaston Glass, Vera Gordon and Dore Davidson.

At the American.

The most notable photoplay spectacle in years! See Geraldine Farrar, America's premier operatic star, in "The World and It's Woman." A strikingly dramatic panorama of love and ambition set against a background of social strife such as the world has never before seen. See the bloody uprising of the Russian horde; see the mad dash to safety of the American opera singer and her lover

through the revolutionist lines; see the thrilling struggle in the locked room between the prince and the leader of the revolutionist. "The World and It's Woman" will hold you spell-bound with the intensity of its drama and the magnificence of its settings. Its a Goldwyn picture and will be shown at the American theatre today and Tuesday.

When the bowels are costive the waste matter ferments, producing a gaseous condition that is disagreeable. To remove the impurities quickly, a dose of Herbine is needed. It does the work thoroughly and pleasantly. Price 60c. Sold by Hensler & Story. (adv)

FRANCIS BOYS AND WEWOKA GIRLS WIN TOURNEY HONORS

Final Games Are Best of Meet; Large Crowds Attend.

Fighting every minute of the game and matching not only skill, but wit against wit, the Francis and Wewoka boy teams battled to a finish on the local court here Saturday night for the highest honors in basketball in this district. They were evenly matched, showed much experience and training, and the spirit of the game kept the audience in suspense until the last minute.

Hard Playing Is Featured.

At the beginning of the first period both teams managed to get a few points, but not enough to merit a good lead. The ball was tossed back and forth, many thrilling, amusing and intensely interesting plays were made. Both teams were there with the "keen stuff" in caging the ball and shot after shot proved successful. This period ended with the score standing 21 to 18 in favor of the Francis lads.

When the second half began both teams entered with a new spirit and determination. Every advantage was made the most of and the players used the best they had in their efforts to gain a lead for their team. Despite the efforts of any of the players, the score stood about even until the Francis boys took up the long range work and managed to get seven points ahead. This discouraged the Wewoka boys, who failed to rally in time to save the day. The final score was 35 to 30 in favor of Francis. This game was by far the best of the tournament.

Wewoka Girls Get Cup.

The Wewoka girls were successful in winning an easy victory from the Stratford team and thus established their permanent claim to the ownership of the girl's loving cup. The game was "interesting, altho one sided to a great extent, and much enthusiasm was manifested. The final score was 21 to 10. The Wewoka girls have been a strong team for a number of years and have established a record hard to beat by any caging team. This is the second time that they have carried off the district championship honors in the girl's class and thus winning the cup as the permanent property of the Wewoka high school.

Large Crowds Attend.

One evidence of the success of the tournament was the large attendance which featured every session of the meet. Out of the large number of games played, not one was lacking in interest and all of the teams, altho some of them were teams far their superiors, showed up well. During the playing of the second preliminaries Friday night the house was packed to overflowing and at the playing of the finals Saturday night, a like attendance was had. The affair was a grand success, and was even a greater success than was hoped it would be.

Clary Pleased With Outcome.

Coach Clary, athletic director in the Normal, had charge of the meet, and with the assistance of Prof. E. C. Wilson, Con Roach, Arthur Harrison and Walter Wray as referees, and Mr. Davis and Newcomb as score keepers, succeeded in making the event the success it was. This was done however, only through the untiring efforts of those in charge and was

ILLINOIS YOUTH IS NATHAN HALE OF WORLD WAR

Lieut. Oliver Junian Kendall.

When the American Red Cross discovered an unmarked grave behind the lines once held by the kaiser's forces at Cantigny an investigation was held and the body of an American lieutenant was found. Oliver Junian Kendall is his name. He was connected with the engineering division of the first troops that occupied the front trenches near Cantigny. The Americans had never assumed the offensive and hearing some noise in "no man's land" Kendall volunteered to investigate. He was captured by the Germans and upon his refusal to divulge any information was shot as a spy, the Nathan Hale of the World war.

made possible to a great extent by the hearty co-operation of the citizens of the city.

The tournament held here will practically end the active basketball season here and attention will be turned to baseball. Of the twenty-eight high school teams present, none left with a grouch against their opponents, the referees or any others concerned with the event. Another tournament of this nature will be held next year and will be established as an annual event in the Normal activities.

1920 Farm Wages Highest.

The highest farm labor wages ever paid were those recorded in 1920. According to the United States Department of Agriculture the average monthly wage for labor by the month was \$16.89 with board and \$64.95 without board. For daily labor at harvest, \$3.60 with board was paid and \$4.36 without board. The increase in farm wages began about 1895. At that time the average monthly wage was \$17.69. In no other previous year, in records which extend back as far as 1866, is a lower rate than that recorded, except in 1879 when the average was \$16.42. By 1902

The soul of music waked and kindled by a master's spell—a story that thrums the heart-strings, a poem of life, perfect as a star, that's

"Humoresque"

McSWAIN THEATER
March 14th and 15th

Recital Coming Which Will Delight Ada Music Lovers

Davis-Fagan.

Is it possible for a singer to sing a duet with herself?

Can a living voice and the same voice reproduced on an instrument be so identical in tone quality that they cannot be distinguished, one from the other?

Has science achieved a triumph that marks the dawn of a new day in the art of music?

These are some of the questions—questions in which every person of culture must take a keen interest—that will be answered at the recital to be given at the Normal auditorium on Tuesday evening, March 22. Invitations to this affair in which Helen Davis, the celebrated mezzo-soprano, and Sibyl Sanderson Fagan, whistler, will appear, have been received by many prominent musicians of this city, and interest in the coming affair seems to be keen in musical circles. The appearance of these celebrated artists, of course, would be sufficient to arouse the enthusiasm of music lovers here, but the fact that they will lend their superb art to the laudable work of revealing conclusively that the marvelous achievement of the re-creation of musical sound has been attained, adds immeasurable interest to the occasion.

In the coming recital, the artists will sing and whistle in comparison with their art as RE-CREATION by the New Edison, to enable the audience to judge whether or not the living performances can be made to live forever. The audience will try to pick the two golden threads of tone apart, to say which one lives for the moment and which one has been made immortal. Can it be done? Cards of admittance can be secured from Ada Music Co. if you wish to hear the question answered.

The wage rate had increased to \$22.14, by 1914 to \$29.88, and in 1915 to \$30.15. These increases came before the effect of the war. A rapid rise followed the beginning of the war, the average in 1916 being \$32.83, which increased year by year to 1920, when the highest price in the farm history, \$64.95, was reached.

How They Did It.

The current number of the Oklahoma Farmer-Stockman carries a double-page symposium of letters from farmers telling "How I made money last year," and "How I'm coming out on top this year." In practically all of the letters from farm folks who made money in 1920 it is clearly shown that "my wife" and the garden, pigs, cows, poultry, and other sidelines played the leading part in the program, and in all of the letters from farmers who say they are going to make money in 1921 it is evident that "my wife" will continue to uphold her end and these sidelines will be the main crops.

The letters came from nearly every county of the state showing that all the farmers didn't lose money last year and that the country is not going to the bow-wows this year.

G. W. Cooper, Steven county—and his wife—started the year 1920 with \$25 in the bank. They raised six bales of cotton, sold lots of eggs, butter, garden stuff, milk and other little things, and came out with \$725 in the bank and don't owe a cent to anybody.

"My wife and I work together and we use the same pocketbook," says G. W. Denny of Logan county. Their 1920 crop of oats, wheat, kaffir, cane, calves, pigs, chickens, eggs, butter, milk and vegetables pulled them through \$1,375.98 ahead.

J. W. Leonard, Washita county says he put faith in old biddy, and flossy. "I let old Fan and Green raise a mule or two while they were plowing kaffir," he says. "I sowed cane for hay and Sudan grass for the pigs and calves. I put out turnips and beets for the hens. I hauled my kaffir to town in egg cases." All this, together with "wife's" canned goods, bro't in more than enough to tide them over a dry year. They raised 150 bushels of wheat and 250 bushels of oats, 150 bushels of barley, 175 bushels of corn and 500 bushels of kaffir and maize and 30 tons of hay, as sidelines.

"When I started out in 1920 all I had was a cow, a team of 'jinnies' a wife and eight children," says F. L. Blocker, Delaware county. "My bank account is not heavy now but I would not go back to where I was a year ago for \$2,000 cash."

J. F. Webb, Haskell county.

says he is planting "everything for man and beast to eat on our farm in 1921, and decorating the corners with cotton."

"I will look on the optimistic side of life in making a dollar this year and on the pessimistic side in spending it," says James M. Edmondson of Ottawa county.

M. E. Brunson, Jefferson county, says too many farmers go to town empty and come back loaded. "This year, I am going to town loaded and will come back empty," he says.

"Prosperity Proverbs."

The Dollar Savings and Trust Co., of Youngstown, Ohio, sends out under the head quoted above a

neat booklet with a line of financial aphorisms that are provocative of thought as well as smiles. From the many of constructive value, Advertising Age quotes a few that ring the bell:

You can buy a thousand dollar savings account on the installment plan just as easily as anything else.

In preparing for the proverbial rainy day don't wait until it begins to sprinkle.

Even your dog banks the bones he does not need.

Pillow, trunk and teapot depositors are beloved by burglars.

The best antidote for a lean year is a fat bank account.

A savings account is more con-

ducive to success than a charge account.

Opportunity means nothing to a man with empty pockets.

Many methods of getting rich quick are criminal, most of them are questionable, and all of them are fatal.

The poor man who speculates generally makes his poverty permanent.

None but the rich can afford to speculate and they seldom do.

When exchanging savings for stocks, take along a banker as a chaperon.

Live according to your own income—not your neighbor's.
